

CITY OF PICKENS ORDINANCE 2020 - 11

**AN ORDINANCE TO AMEND THE CITY'S POLICY FOR SANITATION COLLECTION
OUTSIDE THE CITY LIMITS**

WHEREAS, on May 3, 2010, the City of Pickens adopted Ordinance 2010-07 whereby the City adopted a policy to allow sanitation pickup for residential customers "outside the city limits in circumstances where the potential customer is on the sanitation route and additional travel time is not imposed upon the sanitation department" at a cost of twice the amount of pickup within the city limits; and,

WHEREAS, the terms of Ordinance 2010-07 created inefficiencies for the City's public works department and confusion for potential customers outside the city limits; and,

WHEREAS, the Mayor and City Council find that it is in the best interests of the City to provide a more uniform method of determining which Customers qualify for sanitation pickup outside the city limits by establishing a geographical boundary for sanitation pickup of one (1) mile outside the city limits; and,

NOW, THEREFORE, BE IT ORDAINED, by the Mayor and Council of the City of Pickens as follows:

Section 1. Sanitation pickup for residential customers outside the city limits shall be limited to residential customers located one (1) mile or less from the city limits and the cost of sanitation pickup for those residential customers outside the city limits shall be twice the amount of residential customers within the city limits.

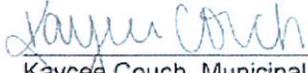

Section 2. This Ordinance shall take effect thirty (30) days from the date of second and final reading.

This Ordinance shall be effective upon second reading approval thereof.
